

NATURAL STONE / BROWN, RED AND GREEN MARBLE

# Agate Red Marble

## Red-veined cream marble

A tight web of coral and brick red veins outlines pale cream cells, some of them glassy. Used on a powder room wall or back bar, the red web becomes the decoration.

|             |                                                                                                                    |
|-------------|--------------------------------------------------------------------------------------------------------------------|
| MATERIAL    | Natural marble                                                                                                     |
| COLLECTION  | Brown, red and green marble                                                                                        |
| SUPPLIED AS | Full slabs, or cut to size                                                                                         |
| THICKNESS   | 18, 20 and 30 mm as standard                                                                                       |
