

NATURAL STONE / WOOD-VEIN MARBLE

# Black Forest Marble

**Charcoal marble, black wavy grain**

Curving black and silver lines sweep across a charcoal ground like tree rings, crossed here and there by sharper dark veins. Book-matched, it makes a strong bar or shower wall.

|             |                                                                                                                    |
|-------------|--------------------------------------------------------------------------------------------------------------------|
| MATERIAL    | Natural marble                                                                                                     |
| COLLECTION  | Wood-vein marble                                                                                                   |
| SUPPLIED AS | Full slabs, or cut to size                                                                                         |
| THICKNESS   | 18, 20 and 30 mm as standard                                                                                       |
| FINISH      | Polished or honed as standard. Brushed, antiqued or bush-hammered on request.                                      |
